Any liability arising out of or in connection with a violation of the obligations of this DPA or under applicable Data Protection Legislation, shall follow, and be governed by, the liability provisions set forth in, or otherwise applicable to, the License Agreement, unless otherwise provided within this DPA. If the liability is governed by the liability provisions set forth in, or otherwise applicable to, the License Agreement, for the purpose of calculating liability caps and/or determining the application of other limitations on liability, the liability occurring under this DPA shall be deemed to occur under the relevant License Agreement.

1.10. The Customer will defend, indemnify, and hold harmless Supplier and the officers, directors, employees, successors, and agents of Processor (collectively, “*indemnified parties*”) from all claims, damages, liabilities, assessments, losses, costs, administrative fines and other expenses (including, without limitation, reasonable attorneys' fees and legal expenses) arising out of or resulting from any claim, allegation, demand, suit, action, order or any other proceeding by a third party (including

supervisory authorities) that arises out of or relates to the violation of Customer's obligations under this DPA and applicable data protection law.

1.11. If either party receives any complaint, notice or communication which relates directly or indirectly to the processing of Personal Data by the other party or to either party's compliance with the Data Protection Legislation, it shall as soon as reasonably practicable notify the other party and it shall provide the other party with reasonable co-operation and assistance in relation to any such complaint, notice or communication.

1.12. In the event of inconsistencies between the provisions of this DPA and any other agreements between the parties, the provisions of this DPA shall prevail with regard to the parties' data protection obligations. In case of doubt as to whether clauses in such other agreements relate to the parties' data protection obligations, this DPA shall prevail.

1.13. Should any provision of this DPA be invalid or unenforceable, then the remainder of this DPA shall remain valid and in force. The invalid or unenforceable provision shall be either (i) amended as necessary to ensure its validity and enforceability, while preserving the parties' intentions as closely as possible or – should this not be possible – (ii) construed in a manner as if the invalid or unenforceable part had never been contained therein.
